

- High degree of multi-foliolate leaf expression
- Exceptional disease resistance contributes to long stand life
- Flexible for most any harvest management style
- Solid winterhardness rating

## CHARACTERISTICS

<b>CUTTING RECOVERY</b>	Very Good	<b>YIELD LEVEL</b>	Excellent
<b>FORAGE QUALITY</b>	Very Good	<b>WHEEL TRAFFIC</b>	Very Good
<b>WINTER SURVIVAL</b>	1.7	<b>FALL DORMANCY</b>	4.0
<b>DROUGHT TOLERANCE</b>	Very Good	<b>ROOT TYPE</b>	Tap

## PLANTING

<b>BACTERIAL WILT</b>	Highly Resistant
<b>FUSARIUM WILT</b>	Highly Resistant
<b>PHYTOPHTHORA ROOT ROT</b>	Highly Resistant
<b>VERTICILLIUM WILT</b>	Highly Resistant
<b>ANTHRACNOSE</b>	Highly Resistant
<b>APHANOMYCES 1</b>	Highly Resistant
<b>APHANOMYCES 2</b>	Highly Resistant
<b>DRI</b>	35/35

### Notes:

**IMPORTANT:** Characteristic scores provide key information useful in selecting and managing products in your area. Information and ratings are based on comparisons with other products sold by AgVenture, Inc.. Individual results may vary, and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible. Scores represent an average of performance data across areas of adaptation, multiple growing conditions, and a wide range of both climate and soil types, and may not predict future results. Individual product responses are variable and subject to a variety of environmental, disease and pest pressures. Please use this information as only one component of your product positioning decision.

Roundup Ready® is a registered trademark used under license from Monsanto Company.

HarvXtra® is a registered trademark of Forage Genetics International, LLC. HarvXtra® alfalfa with Roundup Ready® technology is enabled with Technology from Nobel Research Foundation Institute, LLC. Roundup Ready® is a registered trademark of the Bayer Group, used under license.

Do not export alfalfa seed or crops containing Roundup Ready® technology including hay or hay products, to China pending import approval. In addition, due to the unique cropping practices, do not plant this product in Imperial County, California. Purchase and use of HarvXtra® alfalfa with Roundup Ready® technology is subject to a Seed and Feed Use Agreement.

Always read and follow pesticide label directions. Alfalfa with Roundup Ready® technology provides crop safety for over-the-top applications of labeled glyphosate herbicides when applied according to label directions. Glyphosate agricultural herbicides will kill crops that are not tolerant to glyphosate. **ACCIDENTAL APPLICATION OF INCOMPATIBLE HERBICIDES TO THIS VARIETY COULD RESULT IN TOTAL CROP LOSS.**

Corteva Agriscience is a member of Excellence Through Stewardship® (ETS). Corteva Agriscience products are commercialized in accordance with ETS Product Launch Stewardship Guidance and in compliance with the Corteva Agriscience policies regarding stewardship of those products. In line with these guidelines, our product launch process for responsible launches of new products includes a longstanding process to evaluate export market information, value chain consultations, and regulatory functionality. Growers and end-users must take all steps within their control to follow appropriate stewardship requirements and confirm their buyer's acceptance of the grain or other material being purchased. For more detailed information on the status of a trait or stack, please visit [www.biotradestatus.com](http://www.biotradestatus.com).

Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

Components of LumiGEN® seed treatments are applied at a Corteva Agriscience production facility, or by an independent sales representative of Corteva Agriscience or its affiliates. Not all sales representatives offer treatment services, and costs and other charges may vary. See your sales representative for details. Seed applied technologies exclusive to Corteva Agriscience and its affiliates.
